RE: Shariah Board of New York Certification

To our faithful customers,

After much consideration, we at ENA MEAT PACKING CORP and SENAT POULTRY LLC, have decided to completely and Voluntarily, return our Shariah Board of New York Certification. We are doing this Due to the Shariah Boards new practice of certifying products that are Stunned, then slaughtered. The Shariah Board also refuses to differentiate to the public which products are stunned, versus non-stunned. We here at ENA and SENAT strictly hand harvest and Never Stun our products. So upon discovering this unsettling news, we felt it must be changed; After requesting the change, we were told its acceptable, and there would be no change made. This is ultimately what drove us to our decision to no longer be affiliated with the Shariah Board of New York.
